FOOD PRESERVATION

ADULT AND YOUTH

All entries must have been preserved within the previous 12 months and can only be entered once.

For judging and after reasons, jars must be clear glass with mason or other standard/recognized name labeled on the jar or box with a clean metal lids and ring, vacuum sealed and acceptable size per recipe instructions - typically quart, pint or 1/2 pint. Two piece lids are required so headspace can be judged properly. No decoration on the jar, such as fabric, allowed. Due to safety reasons, no canned squash including summer, zucchini or spaghetti, pureed or mashed pumpkin, sweet potatoes or potatoes will be judged. Pickled summer squash and zucchini are allowed. (No mayonnaise jars will be accepted.)

Vegetable soups is a low-acid food and **MUST BE PRESSURE CANNED ACCORDING TO USDA GUIDELINES**. The processing time and method must be attached to all soup mix exhibits. USDA cautions against thickening soup or adding milk, cream, flour, noodles or other pasta to soups prior to canning because it affects heat penetrations.

Canned squash is not allowed. However, squash pickles and relish can be exhibited.

Canned breads and cakes are not allowed.

No food coloring is allowed unless the recipe calls for ingredients, such as red hots, that alter the color. **IF USED, ATTACH THE RECIPE TO THE JAR.**

Dried foods should be prepared according to current USDA information. Dried foods need not be sealed and may be handled by the judges to determine stage of doneness. Dried foods should be displayed in appropriate storage containers (glass jars with rest-free lids, heavy-weight plastic food quality bags, vacuum sealed plastic food bags, etc).

If recipe used is not from either (1) So Easy to Preserve 4th-6th edition, University of Georgia Cooperative Extension Service or (2) USDA Complete Guide to Home Canning, 2009 Revision,

United States Department of Agriculture and National Institute of Food and Agriculture, then entry should also be accompanied by recipe from the Extension publications undated or published after 1995.

Do not use paraffin wax on any canned product.

Do not fancy pack vegetables.

Single pack fruit is acceptable.
